[BY ASSOCIATED PRESS.]
Chicago, July 30.—Indiana and Illinois coal operators meeting here today voted to reject the plea of President Lewis, of the United Mine Workers of America, for a joint meeting of the operators' and miners' scale committee to settle the present strike of day men in the Illinois and Indiana mines. The operators appointed a committee to draft a reply to Mr. Lewis' message declaring that the striking miners are violating their contract entered into when the government fixed the last wage award and demanding that the miners' president order his men back to work.

The coal operators will not meet with the miners unless ordered to do so by the government. Thomas T. Brewster, St. Louis, chairman of the operators' scale committee of the central competitive district, and Edward Searls of the Illinois committee were reticent following the morning conference but it was indicated that the operators had decided to reject Lewis' offer for the government to act. The Indiana and Illinois operators will meet again this afternoon to frame a statement setting forth their position.

**MINE EXECUTIVES HAVE
FULL AUTHORITY TO ACT**
Indianapolis, Ind., July 30.—Executive officers of the United Mine Workers of America today voted to reject the plea of President Lewis for a joint meeting of the operators' and miners' scale committee to settle the present strike of day men in the Illinois and Indiana mines.

Reports from the Indiana fields today indicated no change in the situation. Union officials there, however, claimed that the operators' scale committee had decided to reject Lewis' offer for the government to act. The Indiana and Illinois operators will meet again this afternoon to frame a statement setting forth their position.

**WISCONSIN MAY APPEAL
TO MINERS**
Washington, July 30.—The United Mine Workers of America today voted to reject the plea of President Lewis for a joint meeting of the operators' and miners' scale committee to settle the present strike of day men in the Illinois and Indiana mines.

It was said today that the president of the United Mine Workers of America, John L. Lewis, had been ordered to return to work pending amicable settlement of their grievances. Their demands for an increase in wages probably will be discussed at a conference in New York, Monday.

Plans for averting a coal famine in the second period of camp which is under way here and for checking profiteering in the coal trade also will be considered at the conference.

San Sebastian, Spain, July 30.—Sessions of the council of the league of nations, to be inaugurated tomorrow, are expected to continue for about a week. Beginning Tuesday the disarmament commission appointed at the council's meeting in Rome last May will convene here to report. This will be presented to the council before it adjourns.

Arthur J. Balfour, British member of the council, Paul Hymans, representing Belgium, Count Quintanilla, of Leon, Spain; Tommas Tittoni, Italy; and P. Sassi, Greece, are now here. Leon Hymans, the French member, will arrive tomorrow morning.

It is expected the members of the council will be received by King Alfonso at the summer palace during his sojourn in San Sebastian.

Balfour Urges Blockade.
"We must have an economic blockade," declared Arthur J. Balfour, British representative on the league of nations council, in a talk with newspaper correspondents.

An economic blockade was applied to Germany during the war, but not before that time, he said, it would be able to resist. He said that the blockade of Germany during the war was not before that time, he said, it would be able to resist.

The council will take up minor but practical questions, such as making traveling easier in Europe. The international transit commission in Paris to settle directly and promptly the differences arising from new passport and customs regulations at all frontiers, causing annoyance to the passengers.

Take Up Sare Expenses.
The council also will consider whether it is wise to have a permanent and slow work of the Sare commission the total cost should be borne by the Sare population as a whole, he said.

PROLETARIAT HINTS AT WORLD STRIFE

Triumph of Communism Involves Bloody Revolution, Counting.

(BY ASSOCIATED PRESS.) London, July 30.—That the triumph of the proletariat involves a bloody revolution, that to achieve it in Great Britain, the workers must prepare for civil war and that the day is coming when communism, sweeping through Europe and engulfing the eastern nations in the movement would meet Great Britain and America in mortal conflict are outstanding points in a long communist manifesto to the British Independent Labor party from the Third International at Moscow, quoted by the London Times.

Moscow Answers Questions.—The communication was made in reply to 12 questions sent to the Moscow bureau by the Independent Labor party. One of these questions was: "How does communism differ from other forms of socialism?" To this the following reply was made:

"There are no other forms. There is only communism. What are the differences? Under the leadership of the bourgeoisie or self-deception by persons who hesitate to choose between the proletariat and the bourgeoisie."

Fight for Power.—"The answer is: Fight for power. It is most important for the proletariat to surrender its power without a struggle. Therefore the workers of Great Britain should prepare, not for an easy parliamentary victory, but for a victory by a heavy civil war."

The concluding part of the document, as quoted by the Times says: "To meet U. S. Capitalists."

It is probable that when throwing off the chains of the capitalist governments, the revolutionary proletariat of Europe will meet the resistance of Anglo-Saxon capital, in the persons of British and American capitalists, who will attempt to blockade it. It is then possible that revolution will arise in union with the peoples of the east and commence a revolutionary struggle to deal the final blow at British and American capitalists."

James Ramsay MacDonald, the former member of the house of commons, and one of the leaders of the Independent labor party, commenting on the document from Moscow writes:

Ment Bloodshed.—"The Moscow revolutionists are not revolutionists when they mean bloodshed and violence. Anybody who accepts the Moscow view ought to have a thing to do with the scene of the revolution; such a revolution would be dishonest. Before the Independent Labor party can join the Third International, it must be an independent labor party."

"The Independent Labor party and the Third International are all and water and won't mix."

JAPAN IN "NERVOUS CRISIS" OVER HER U. S. RELATIONS

(BY ASSOCIATED PRESS.)

Tokio, July 29.—The Japanese government has received a communication from the United States, pointing out among other things that America is unable to recognize Japan's occupation of the northern half of the island of Sachalin. The communication says of the nature of the protest, however, that the impression is made here that the communication is not really a protest but rather a warning of the American view on the question of Russian territory, with something of America's attitude towards the territory to be gained here.

It is here indicated that Japan, passing through another revolution, is considering the relations of the United States. Speculation on Cox Attitude on League and Wilson Approval

President Withholding the Presentation of Compliments Until He Sees Document—How Cox May Get By With Opposition to League As First Proposed.

(BY ASSOCIATED PRESS.)

Washington, July 30.—Several days ago a story was published that President Wilson would wait until he had read the speech of acceptance by Governor Cox and then would write him a letter recognizing him as leader of the democratic party. The White House declined to comment on the story and similar silence was observed at Dayton. But the incident has caused considerable comment as the writer learned by mingling with Ohio politicians and not a few democratic politicians.

The truth of the matter reveals a rather interesting sidelight on the relations between the president and the new leader of the democratic party, and also exhibits some of the delicacies in their respective positions. The facts are these:

Wilson's O. K. Withholding.—President Wilson in Washington the latter talked cordially to him about the general political outlook and his own country, and also exhibited some of the delicacies in their respective positions. The facts are these:

One Day's Work of Sanitary Inspector in Hunting for Dirt

Owner of dogs living in the vicinity of Goose Island and people accustomed to taking garbage from the street to feed chickens are warned by Health Officer Dr. Fred B. Welch that for some time in the future laws of canines and fowls will be enforced as the city is planning to plant large amount of poison on the island to kill the thousands of rats which thrive there.

Persons taking garbage from the island are notified that they do so at their own risk. Inspection of Goose Island was made by City Sanitary Inspector Dr. L. J. Woodworth and Dr. Welch and the report filed with the City Board of Health says this:

"This place is in splendid condition and the keeper, Mr. Gosselin, should be complimented on the sanitary manner in which he handles the garbage. The place is clean and the rats are being kept under control. The dumping ground and steps will be taken to destroy these rodents with poison."

Cooperation in General.—The campaign for a clean city is being carried on by the owners of stores and other business places are showing a spirit of cooperation with the sanitary inspector, and the health department is gratified. It is only this way that we can hope to accomplish anything in the way of actual results. No hardship will be put on anyone, but the laws and regulations and that can only come about by the help of the people generally. The health department is gratified.

Many Dirty Floors.—An outlying cafe, "Pastry not screened. Spoiled bananas left out. Meat scraps on block. Ice cream scoops need cleaning. Garbage and rubbish in back yard. Owner says that it is hard to get garbage haulers."

St. Paul Roundhouse.—Under the caption, "Inspection by Dr. Fred Welch appears the following: 'The privy on the premises of the C. M. & St. P. Ry. roundhouse is in a very unsanitary condition. The privy vault is full, uncleaned. Has a bad odor, and has not been cleaned in 15 years. Also has not been lined in 2 years. Notice attached to this report was sent to J. A. McDonald, Supt., Madison, Wis.'"

City Fountain.—Regarding the city fountain at the intersection of North Washington and St. Lawrence Sts. the report says: "Drainage pipes plugged and water is running into the street. Reported to the city Water Dept. for correction."

Representatives of all the people of this county they should listen to the blandishments and promises of the highway commissioner. We need and want concrete roads.

Editor Gazette:—I have been watching the work on the Edgerton road for a long time, as my business takes me by that section constantly. For weeks six or seven men have been fussing about what they call a "thingamajig" of the highway commissioner. I call it a shame to the county.

MAXFIELD HOLDS LUDDEN FOR TRIAL

12-Man Jury to Hear Garage-man's Case Unless Change of Venue Is Taken.

G. F. Ludden, garage-man and head of the Janesville Vulcanizing company, must stand trial on the charge of concealing stolen property. This was the decision announced today by Judge I. L. Maxfield after six days' consideration of testimony offered in the preliminary examination.

The ruling means that he must be tried in municipal court before a 12-man jury unless a change of venue to circuit court is taken.

The judge holds that testimony shows an offense was committed and that there is reasonable probability that the defendant is guilty. These are the questions the court must decide before holding a man for trial.

Testimony was taken Friday. Dist. Atty. S. G. Dunwiddie handling the prosecution, with W. H. Dougherty appearing for Ludden. Ludden refused to give him information about a car stolen by one W. E. Bradley in Kansas City and brought to Janesville, and upon which Ludden gave Bradley \$150 for a mortgage. Bradley then left town. Ludden denies that he knew it was a stolen car; said he wanted to know definitely what information the police had before showing to them, for fear they might claim any car in his garage.

ALL-STARS BOOKED AGAINST ORFORDVILLE

Janesville All-Stars will attempt to straighten their losing streak of five straight when they meet the Orfordville city team at Orfordville, Sunday.

The Stars are not down-hearted over last Sunday's game in which they were overwhelmed, but are in a fighting mood to redeem themselves. They will have practically their entire lineup as in former years.

Either "Babe" Grassie and "Southey" Black or "Ted" Hager will step on the mound. Dickerson will catch and "Blondie" Williams on short. "Art" Marko or George Wilson will hold down left with W. Grassie back on 2nd. "Phonies" will cover third, while in the outfield "Fug" Zahn, "Whit" Graf, "Don" Dawson, "Speed" Wall, "Apollo" Cullen or Sheridan will all be in.

Orfordville is going big guns, not having lost a game. They have Louie Haggard, a former member of the U. S. bank corps and hurler for the U. S. Tanks, who also had a try-out in the leagues.

Practice at Samson tonight at 6:30. The lineup: All-Stars, Orfordville, ss., Fullman, Wells, ss., P., Hager, Grassie, Black, Dickerson, C. Haggard, C. Zahn, Sheridan, Tomlin, lb., Wilson, Marko, Quinn, 2b., Thoms, Thoms, 3b., Govey, 1b., Grassie, 1b., Kelly, rf., Wall, Cullen, Pankhurst or Dawson, cf., Holden, lf., Graf.

Nice Parlor Doesn't Mean Neat Kitchen

BY DR. FRED B. WELCH
City Health Officer

In the home, sanitation and personal hygiene are paramount. For many homes both are sadly neglected. Because at this time every housewife, every man, woman and child in the city should be educated to the extent of keeping his own living quarters, food and drink in the same condition as he demands of the dealer who sells it.

Public health depends not only on a clean market but on a clean home as well. Cleanliness begins at home.

In this particular field Janesville civic and charitable organizations can do a great deal of good. It is in the home that the most serious danger to personal hygiene can be given without offense by these organizations.

The above Health Talk, one of a series furnished to the Gazette from time to time by Health Officer Dr. Welch, was prompted by the request of a grocery proprietor when the doctor and City Sanitary Inspector Dr. L. J. Woodworth inspected the store.

"Why pick up us fellows?" demanded the owner. "Why don't you go into some of the homes about the city? I don't know any of the fellows about them myself but I can tell you that the delivery boys relate some awful tales about the kitchens of some of our people—and some of them are pretty much prominent in our business and social life."

"From what these young fellows say—and I have got a particle of reason to doubt their word—a lot of our people are making their parlor shipshape for company but leaving their kitchens almost like pigpens to the detriment of their own physical health."

4TH WARD SHOOTING PUZZLE TO POLICE

Fourth and Fifth ward residents were awakened early today by a volley of from five to ten shots fired, it is believed, from a car racing down Academy street. More reports were heard along the highway fence along the Arion road on the west side of the river.

The shooting is a mystery to the police. Efforts to locate the gunman have proved futile.

Two men in a car were seen to leave a lunchroom shortly after midnight and start off toward Arion. It is believed it was they who fired the shots. What their motive was remains a mystery.

LONG DRY SPELL IS INJURIOUS TO ALL COUNTY CROPS

The present drought is seriously affecting the spring seeding of clover in Rock county, according to J. T. Glasco, county agent, who declares that the crop will probably be a failure unless rain comes at once.

Potatoes are being cut down so that the present outlook is that the crop will be only 75 per cent of normal. The tubers are now almost mature, but the hot weather is drying up the vines. The leafhopper, which makes its attacks during dry spells, is now at work on the plants and is doing considerable harm.

Corn, like potatoes, is having a hard time with the outlook for a good crop is extremely dubious. To-day is greatly in need of a heavy rain. Gardens, while they are affected, have a chance if the owners will keep them watered.

Bigger part of the grain crop has been cut. Many farmers are planning to commence threshing by Monday.

While it rained for a few minutes this morning, it was not enough to do much good to the farms.

1920 FAIR WILL BE BIGGEST YET

Officials Enthusiastic Over Outlook—To Open Offices at C. of C. Next Week.

Downtown offices will be opened next week by the Janesville Park association in the interests of Janesville's big fair. The opening day of which is a week from Tuesday. The exposition continues through Friday, August 13. The offices will be at the Chamber of Commerce. Miss Agnes Weber, has been elected as assistant to Secretary Harry O. Newland and will be in charge here and will also be at the secretary's office at the fair grounds during the fair.

The grounds will receive a general clean-up starting early next week. A miniature city will be established at the park by a week from Saturday night. Concession men and others plan to arrive early next week in hopes of selection of the choicest allotments for stands, shows, etc.

Fisher is starter. John T. Fisher will be official starter of the races. There will be three each day with the exception of Wednesday—Janesville and Samsen Day—when four will be run. Each stockholder will be presented with complimentary tickets for himself and wife for the entire week.

WORKERS FOR GIRLS' HOME MEET TONIGHT

A preliminary conference will be held in the Chamber of Commerce office at 7:30 o'clock this evening, to discuss plans for providing some sort of girls' club or home. Representatives from the Rotary club, American Legion, Chamber of Commerce, Women's Federation of Clubs, and the Gazette will attend the meeting which is called by Miss Mary Barker, chairman of the committee from the women's federation. Although nothing definite is expected to be settled, it is hoped that some valuable ideas may be put forth, and the project really started.

STOLE A PADLOCK BUT LEFT THE BIKE

William Hulse is out of luck. Last year he bought a new bicycle and when he went to work at the Gazette printing Co. plant left the bike in the alley to the east of the building. Someone stole it. He got another and with it a padlock a day long or less. Thursday some one filed the padlock loose and carried off the lock leaving the bicycle.

SHOE MEN TO MEET

AT MADISON, AUG. 10. More than 400 Wisconsin shoe men are expected at Madison Aug. 10, 11 and 12 for the state convention to be held in the capitol building. Gov. Phillips will make an address. The rounds of the capitol will be divided into display booths where manufacturers and wholesalers will show their stocks. Several Janesville dealers are expected to attend.

TRAINING CRIPPLES SAVES MILLIONS

Rehabilitation of Disabled
Workers Urged by Officer
of Federal Board.

New York, July 30.—The lessons learned by the United States in its work of rehabilitation of soldier and sailor veterans of the war, if applied to the problems of the industrial cripple would mean not only the return to independence of these injured workers but an actual increase in the wealth of the nation of \$2,500,000,000 a year, according to Ralph H. Fisher, district vocational officer of the federal board for vocational education in the New York District, in an address here Thursday before the New York Rotary club.

"In point of dollars," said Mr. Fisher, "retraining the industrially crippled men means an increased productive value to the nation of amounts heretofore little understood. I believe we are easily within conservations estimates in saying that a seriously disabled man who can be vocationally rehabilitated will have his earning capacity increased by a total of at least \$12,500 for the remaining period of his life and that his increased productive value to the nation will easily reach \$50,000."

"The federal board for vocational education is just now gathering data on the subject, but if, for immediate estimates, we assume that not more than one-fifth of the permanently disabled require retraining, we would have 50,000 men a year to be trained. It is a simple matter of computation to see that if each retrained man returns \$50,000 in the remainder of his life the increment accruing to the wealth of the nation would amount to one and one-half billion dollars. This enormous figure, it must be remembered, is the estimated result of training those persons crippled in industry in one

year. Thousands Hunt at Work. Mr. Fisher said it was estimated by the board that four or five times as many persons were disabled in industry in one year as were disabled in the American Expeditionary Forces during the period of the war. He said that at least 250,000 persons are permanently disabled in the United States each year through industrial accidents.

The problem, said Mr. Fisher, will always be largely a state problem. "The state," he said, "which is responsible for the most industrial cripples is likewise reaping corresponding profits from the industries in that state which are responsible for those cripples. Consequently, the funds for industrial rehabilitation should come chiefly from sources of state taxation, assuming that the state will, in turn, derive taxes for that purpose from the profits of those industries which are responsible for the accidents."

Congratulations New York. "New York state is to be congratulated," Mr. Fisher asserted, "on having recently passed a law calculated to accept the provisions of the federal act recently approved, which does not provide for the support of the industrially disabled who are unemployed. The bill, however, does provide for the support of the handicapped persons which will cooperate with other state agencies concerned. For immediate encouragement congress has appropriated \$3,750,000 to be allotted to the states, covering a period of the next four years, on condition that the states meet this appropriation dollar for dollar."

New York has done the characteristic thing in anticipation of the federal act, so that the simple acceptance by the governor of the state will complete the formalities. "Whether it is viewed as a war recuperative measure or as an in-

dustrial recuperative measure," said Mr. Fisher, "it cannot help but appeal to right-minded citizens, because it is calculated not only to solve an economic problem, but to solve at the same time one of the great social problems of democracy—a contented citizenry."

BERRY PICKERS ARE RUSHING THESE DAYS

Ashland—Nine extra cars were placed on the morning train on the Northern Pacific Sunday to accommodate blueberry pickers. All sorts of conveyances took berry pickers to the woods. Over 50 autos were parked at Long Lake, 10 miles north of Ashland. A number of parties have spent several days camping on the pine barrens on the Iron River road. The red raspberries are large this year on account of unusual rainfall. The raspberries may not last more than a couple of weeks, but the blueberries will last until the end of August. While throngs of berry pickers frequent the better known fields, it will be impossible to get the entire crop in as red raspberries and blueberries grow everywhere in the lake country. The raspberry vines spring up in city gardens and bear fruit under all conditions.

Lake Vessels to Receive Regular Library Service

Detroit—Lake vessels will begin receiving libraries from the American Library association this month. A consignment of nearly 20,000 books has been shipped here from Chicago and as soon as received books will be placed on board ships that want them. Cases of books are to be placed fore and aft on each vessel, for deck and engine room crews. The libraries will be changed upon request. This is the first time in history of Great Lakes shipping that libraries have been placed at the disposal of all officers and men on fresh water.

Tractors Drop Fourth to Fairies; Kenosha Tomorrow

By George McManus.

10 INNING FIGHT FINALLY FAVORS BELOIT AT 6-5

Stoughton, Wis., July 30.—This town, not far removed from Janesville, saw one of the best games of ball put on in this section of the state when the Fairbanks-Morse team of Beloit squeezed out a victory from the Samson Tractors of Janesville yesterday 6 to 5 in 10 innings. It was a battle from the first inning clear through to the end.

Twice the Sammies lead the score. They were on the long end, in fact, until the seventh inning when the Fairies put a counter over to make the total five all.

The Samson boys started out with a rush, scoring two in the first. Fairies came back with one and when Janesville added a run in their half of the second Manager Chubb's team put over two to tie the score at 3-3. In the fourth, the Tractors made another brace of runs and held the lead despite a run made by the Engine-makers in the sixth.

A pitchers' battle between Lathrop and Pendergast waged through the last three innings, the Fairies finally managing to put a run across in the tenth.

Samson batters are rounding into better shape. Yesterday Shook garnered two buggers and Elliott and Lathrop each one.

Lathrop struck out seven and allowed one base on balls.

BRINGING UP FATHER

NORWAY FIRST IN HUNTING ARMS SHOOT

Antwerp, July 30.—Notwithstanding that the American trapshooters made a clean sweep in the clay target events, Norway, with 14 points, is the winner on points of the Olympic arms competition as a result of victories in the running deer shooting. Norway was first in four of the deer shooting contests, tied for second in one individual event, and placed third in another.

The United States won first, second and third places in the individual clay target contest, first in the team single shots at the running deer, for a total of 10 points. Sweden was third, Finland fourth and Belgium fifth.

PETER COLEY LOSES FIRST RACE OF YEAR

Columbus, O., July 30.—What proved the greatest day's racing of the season entertained 7,000 devotees of the Grand circuit yesterday. The first defeat of the year for Peter Coley, C. D. Valentine's stake horse, was accomplished when B. P. Geers won the 2:08 trot, the Southern Hotel purse, \$3,000, with Peter Coley, who trotted in 2:04 and back in 2:04 1/2, to take Coley's measure. Valentine was making a great bid the second heat when Coley broke in the stretch. However, he came back and took the final heat in 2:05 1/2. Brusson never was a real contender.

STELLAR PROGRAM OF MILWAUKEE BOUTS

Milwaukee, July 30.—The Cream City Athletic club will try out summer boxing at the Milwaukee Auditorium tonight when it stages an all-star show with Lew Edwards, Australian lightweight champion, and Jack Lawler, southern champion, as the feature. It will be the first summer show held in Milwaukee and special arrangements have been made to keep the big Auditorium cool.

MARE THROWS SHOE AT AURORA MEETING

Aurora, Ill., July 30.—Bessie Lynn, a bay mare owned by A. Vinton of Port Dodge, Ia., had the 2:30 pace won when she threw a shoe and was in the 2:18 trot and Kingston Caine of Wyoming, Ill., was set down for 30 days for not trying to win with Peter Kingston.

Brooklyn Dodgers are fighting to keep their lead in the Nationals. They lost yesterday to the Reds on their own home grounds. They have to increase their pace a trifle to remain on top.

SIMMONS TEAM HERE TOMORROW AGAINST SAMSON

Following two exhibitions of real baseball against the Fairies, one at Portage and the other at Stoughton, the Samson Tractors face the Simmons Bed team of Kenosha here tomorrow. From indications, shown by their battle away from home this mid-week, the Kenosha boys are in for a hot time.

Fighting Again.
The Engine-makers saw a fighting ball team on their travels. Yesterday's 10-inning contest, although it went against the Janesville club, illustrates that. The Sammies have returned to the home lot filled with that same desire to let loose. In two weeks ago the locals dropped two to the Bedmakers. For that reason they are ready to get out and battle with a spirit of revenge.

Manager Perring's leg has gone bad again. In the game at Portage, he and Allison clashed. When George came up out of the dug, his ankle was twisted.

Breckenridge continues to feel the effects of a bum ankle. An "egg" has made its appearance. The doctors seem to think that it is caused by twisted cords.

Shook's Finger Numb.
While Catcher Shook is holding down his position, the finger, that was broken in the second contest of the season with the Fairies has not quite rounded into shape. The feeling has not yet returned to it.

The hitting of the locals against Beloit is mighty good looking to the fans. Long drives were the feature and they were well distributed among the players. Yesterday, the Tractors out-hit the Fairies, getting 15 to the enemy's 12.

YANK CAPTURES ARMY RIFLE SHOOTING MATCH

(By Associated Press.)
Beverloo, Belgium, July 30.—Commander Carl D. Osburn, of the United States navy, today won the Olympic individual target shooting competition with army rifles at a distance of 300 metres in standing position. His score was 56 out of a possible 60.

SOX DIVIDE AS CUBS LOSE TO BRAVES, 6-2

American League.
Fifty-fifty was the way the White Sox played with the Mackmen. Chicago took the first 4 to 2, and dropped the second, 12 to 6. The second went 10 innings. Chicago played an uphill game, tied the score in the ninth, only to throw it away in the next inning when Risberg's wild throw home permitted two runners to score. Philadelphia then scored four more runs.

The Indians held a dance around Pennock and won in the eighth inning from Boston, 9 to 3. In that frame they piled up seven runs. Cleveland used two pinch hitters, Burns and Nunnemaker, and each delivered.

The senators were diplomatic with the Tigers and divided the spoils. Washington took the first, 2 to 1. Detroit took the second, 13 to 3. Courtney allowed 14 hits.

In the third twin bill of the American league, the Yankees split with the Browns. Ward's home into left field bleachers in the eighth inning gave Boston a 2 to 1 lead. St. Louis had taken the first game 4 to 3. Meusel had hit the pill into the same place with one on earlier in the game.

National League.
Alexander the Great was hit hard and Boston won 6 to 2. The score was held down by the support given by heading the Dodgers 3 to 2. Only 26 men faced Cadore in the first six innings.

Three straight from the Cards is the record of the Giants, who won yesterday 6 to 3. Doak was hit hard, and was succeeded by Goodwin in the seventh.

Errors aided Philadelphia in trimming the Pirates, 7 to 3. Pounder being reached for 10 hits in seven innings. Cutshaw and Caton made the errors.

LIL' ARTHUR DESIRES "STYLE" IN HIS CELL

Chicago, July 30.—Although confined in a cell with a private bath, Jack Johnson, former heavyweight champion, today expressed his disapproval of the Illinois jail to which he was removed because the sheriff at Joliet permitted Johnson to take an automobile ride and to partake of ice cream soda.

Johnson complained that Sheriff Poole of Geneva is not allowing him to live in the style to which he is accustomed. The negro pugilist also is dissatisfied with his lawyer and said he was going to get another one. Johnson is in jail pending federal action for violation of the Mann act. He surrendered 10 days ago after being a fugitive for 8 years.

MILLS STARTS WORK AS BELOIT COACH
"Tommy" Mills, new Beloit college athlete director, has arrived in the Gateway city. He is already deep in plans to put Beloit college on the athletic map. He was not ready to outline his plans, but will indicate his ideas soon. Mills has been coach at Creighton college at Omaha where the mid-western school has turned out phenomenally successful teams under his tutelage.

Pop" Cers is still winning. He had a most successful period on the Kalamazoo track. He got four firsts and several other money prizes.

Constant protest is being heard against the intentional pass. While it may be tricky, it shows a lack of confidence, to an extent, in a pitcher's own ability.

Schedule of the Yankees calls for 19 games at the Polo grounds. It will be a hard race.

CRESCENTS TACKLE MAGNOLIA ONCE MORE
Baseball fans will have an opportunity to see a fast ball game at Hatten's diamond Sunday, when Magnolia will cross bats with Janesville Crescents. The two clubs clashed two weeks ago at Magnolia, when the Crescents came away with a 4-3 defeat after an 11 inning game.

They are two closely matched teams. A large crowd is expected to witness the game. Hermanson will do the receiving for the Crescents.

The lineup: E. Quade, 2b; V. Easton, cf; C. Quade, ss; J. Easton, rf; W. Utzig, 1b; T. Hermanson, c; A. Easton, 3b; E. Butler, p; W. Utzig, lf.

Magnolia—F. Carlson, 1b; E. Post, p; B. Sperry, c; A. Feurath, 2b; C. Carlson, ss; P. Duley, 3b; D. Post, lf; G. Howard, cf; B. Sperry, rf.

Last week two men scored on a fly-into play even in baseball. In a game between Pittsburgh and New York, King batted the fly a long one to right field. Southworth caught the ball, but was unbalanced and Young scored from first. Frisch was on second and had time to get around to home before Southworth recovered and had the pill in.

PEEBLES MAY ENTER WESTERN GOLF MEET

That "Bob" Peebles, Beloit country club professional, may be a possibility in the big Western Open Championship to be held at the Olympia Fields Country Club of Chicago on August 4 and 5 is indicated by word from Milwaukee. According to Cream City experts, Peebles looks like the class of Wisconsin and may very possibly give such stars as Walter Hagen, present national open champion, and "Chick" Evans of Chicago real competition for the highest honors.

For Wet Weather Driving on Janesville's Fine Pavements

JANESVILLE is a city of SMOOTH pavements. Many of them are concrete, asphalt or macadam. But this very abundance of fine streets is one reason why the Janesville motorist, in particular, should ride on dependably effective non-skid tires. For smooth pavements are treacherous in wet weather.

Many motorists have told us that driving a car equipped with Horse-Shoe Cords is a relaxation. They KNOW their tires will not skid.

The tread of this distinctive cord tire takes hold of the road with a stubborn grip that makes driving safe even on slippery pavements in cars that are notorious "skidders." Each little shoe in the Horse-Shoe tread forms a near-vacuum that cleaves NOISELESSLY to the road on wet pavements or in making sharp turns.

Come in and let us give you a demonstration of the remarkably non-skid Horse-Shoe Cord—on a really slippery pavement, if you wish. Then you'll know why Horse-Shoe Cord users seldom bother with tire chains.
